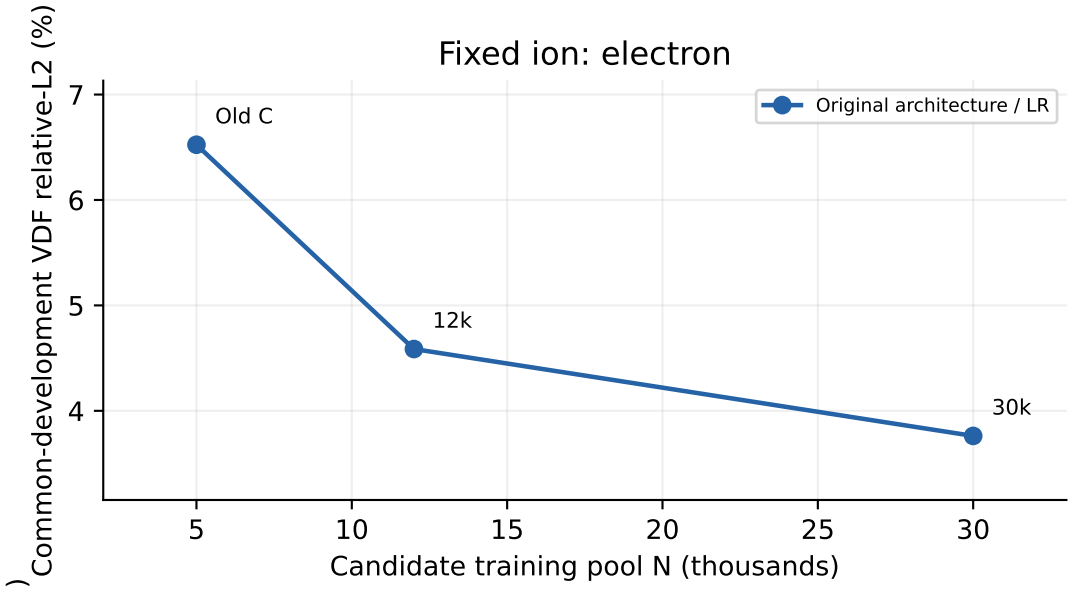
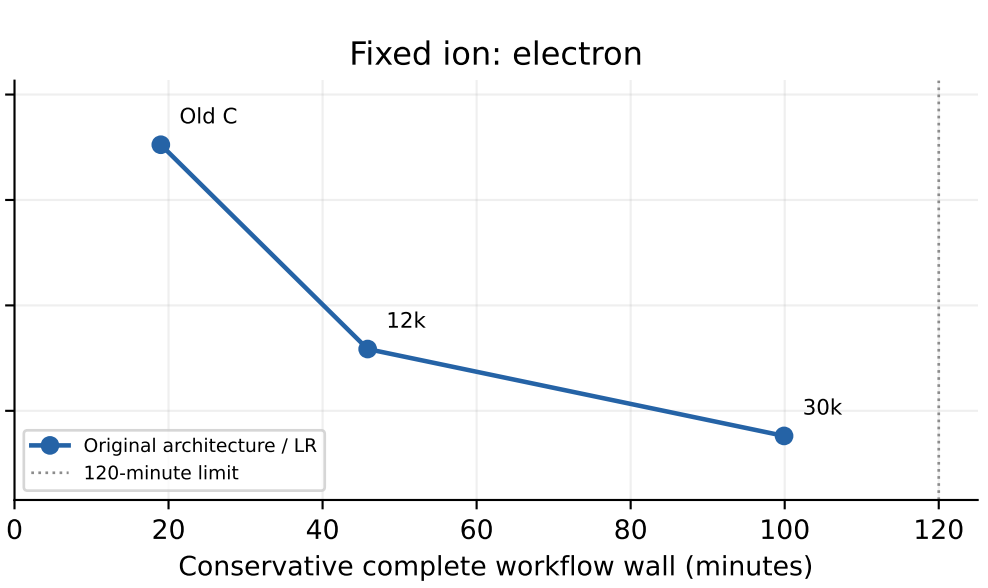
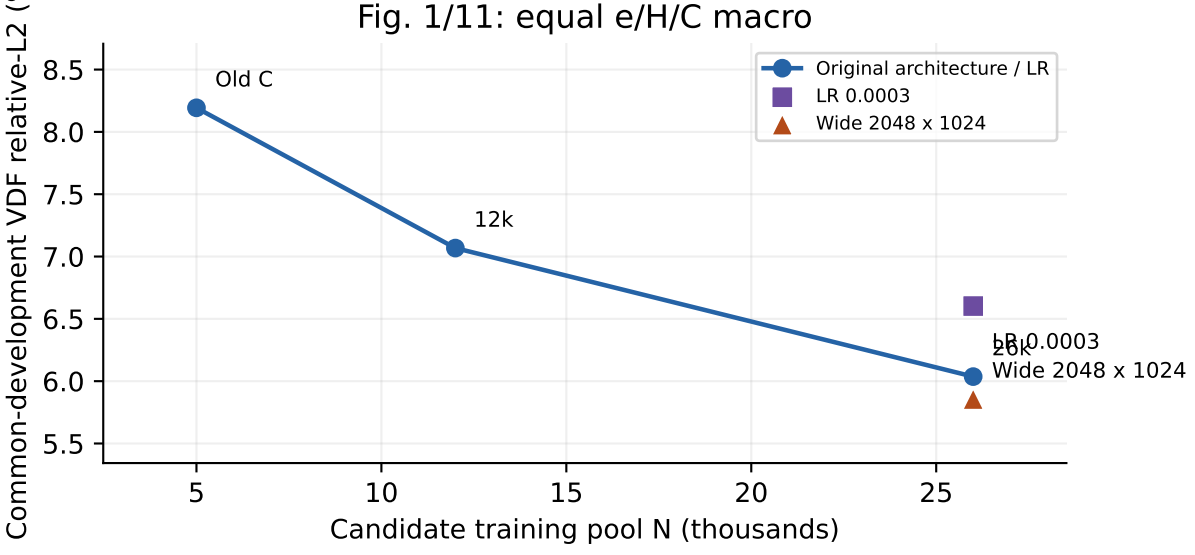
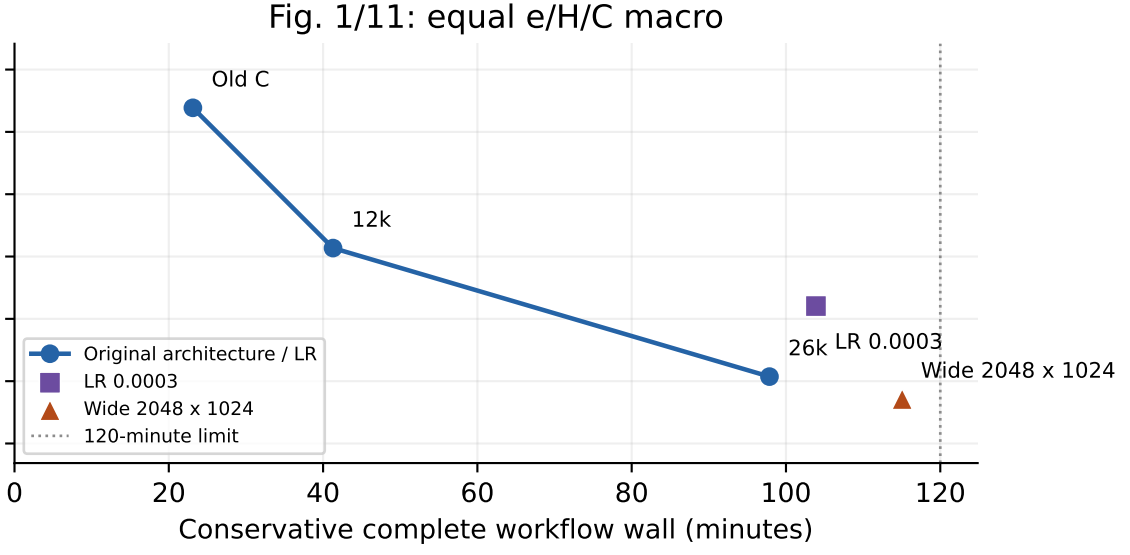
Development only: common old 750 held-out states









Lines: old C, 12k and larger pools at each branch's original selected architecture/LR. Tail variants are separate points.
Old C generation/split seed 20261020; expanded runs seed 20261030. This is not a pure controlled N-only experiment.
Tail cost = parent complete generate/train/evaluate wall + tail train/evaluate wall. Old C cost includes its three-candidate search.
